Crystal Care Guide

CARING FOR YOUR CRYSTALS
AND THE MEMORIES THEY HOLD

★ L U N I G H T

Every Crystal Is One of a Kind

★ —————

Every Lunight bracelet is handcrafted using natural crystals.

Each bead carries its own color, texture, inclusions, and tiny imperfections.

No two bracelets are ever exactly alike.

And that's exactly what makes yours unique.

Lunight Tip

Natural variations are a sign of authenticity—not a defect.

Made to Be Worn

★

Lunight isn't designed to stay inside a jewelry box.

It's made to accompany you through ordinary days, meaningful moments, and everything in between.

The more memories you create with it, the more personal it becomes.

★ CARE WITH INTENTION

Lunight Tip

Your bracelet is designed for everyday wear.

Small signs of use become part of your story.

Keep It Dry

Your Lunight contains both natural crystals and delicate electronics.

To help it last beautifully,
avoid wearing it while:

- Swimming
- Showering
- Hot springs
- Sauna
- Heavy exercise

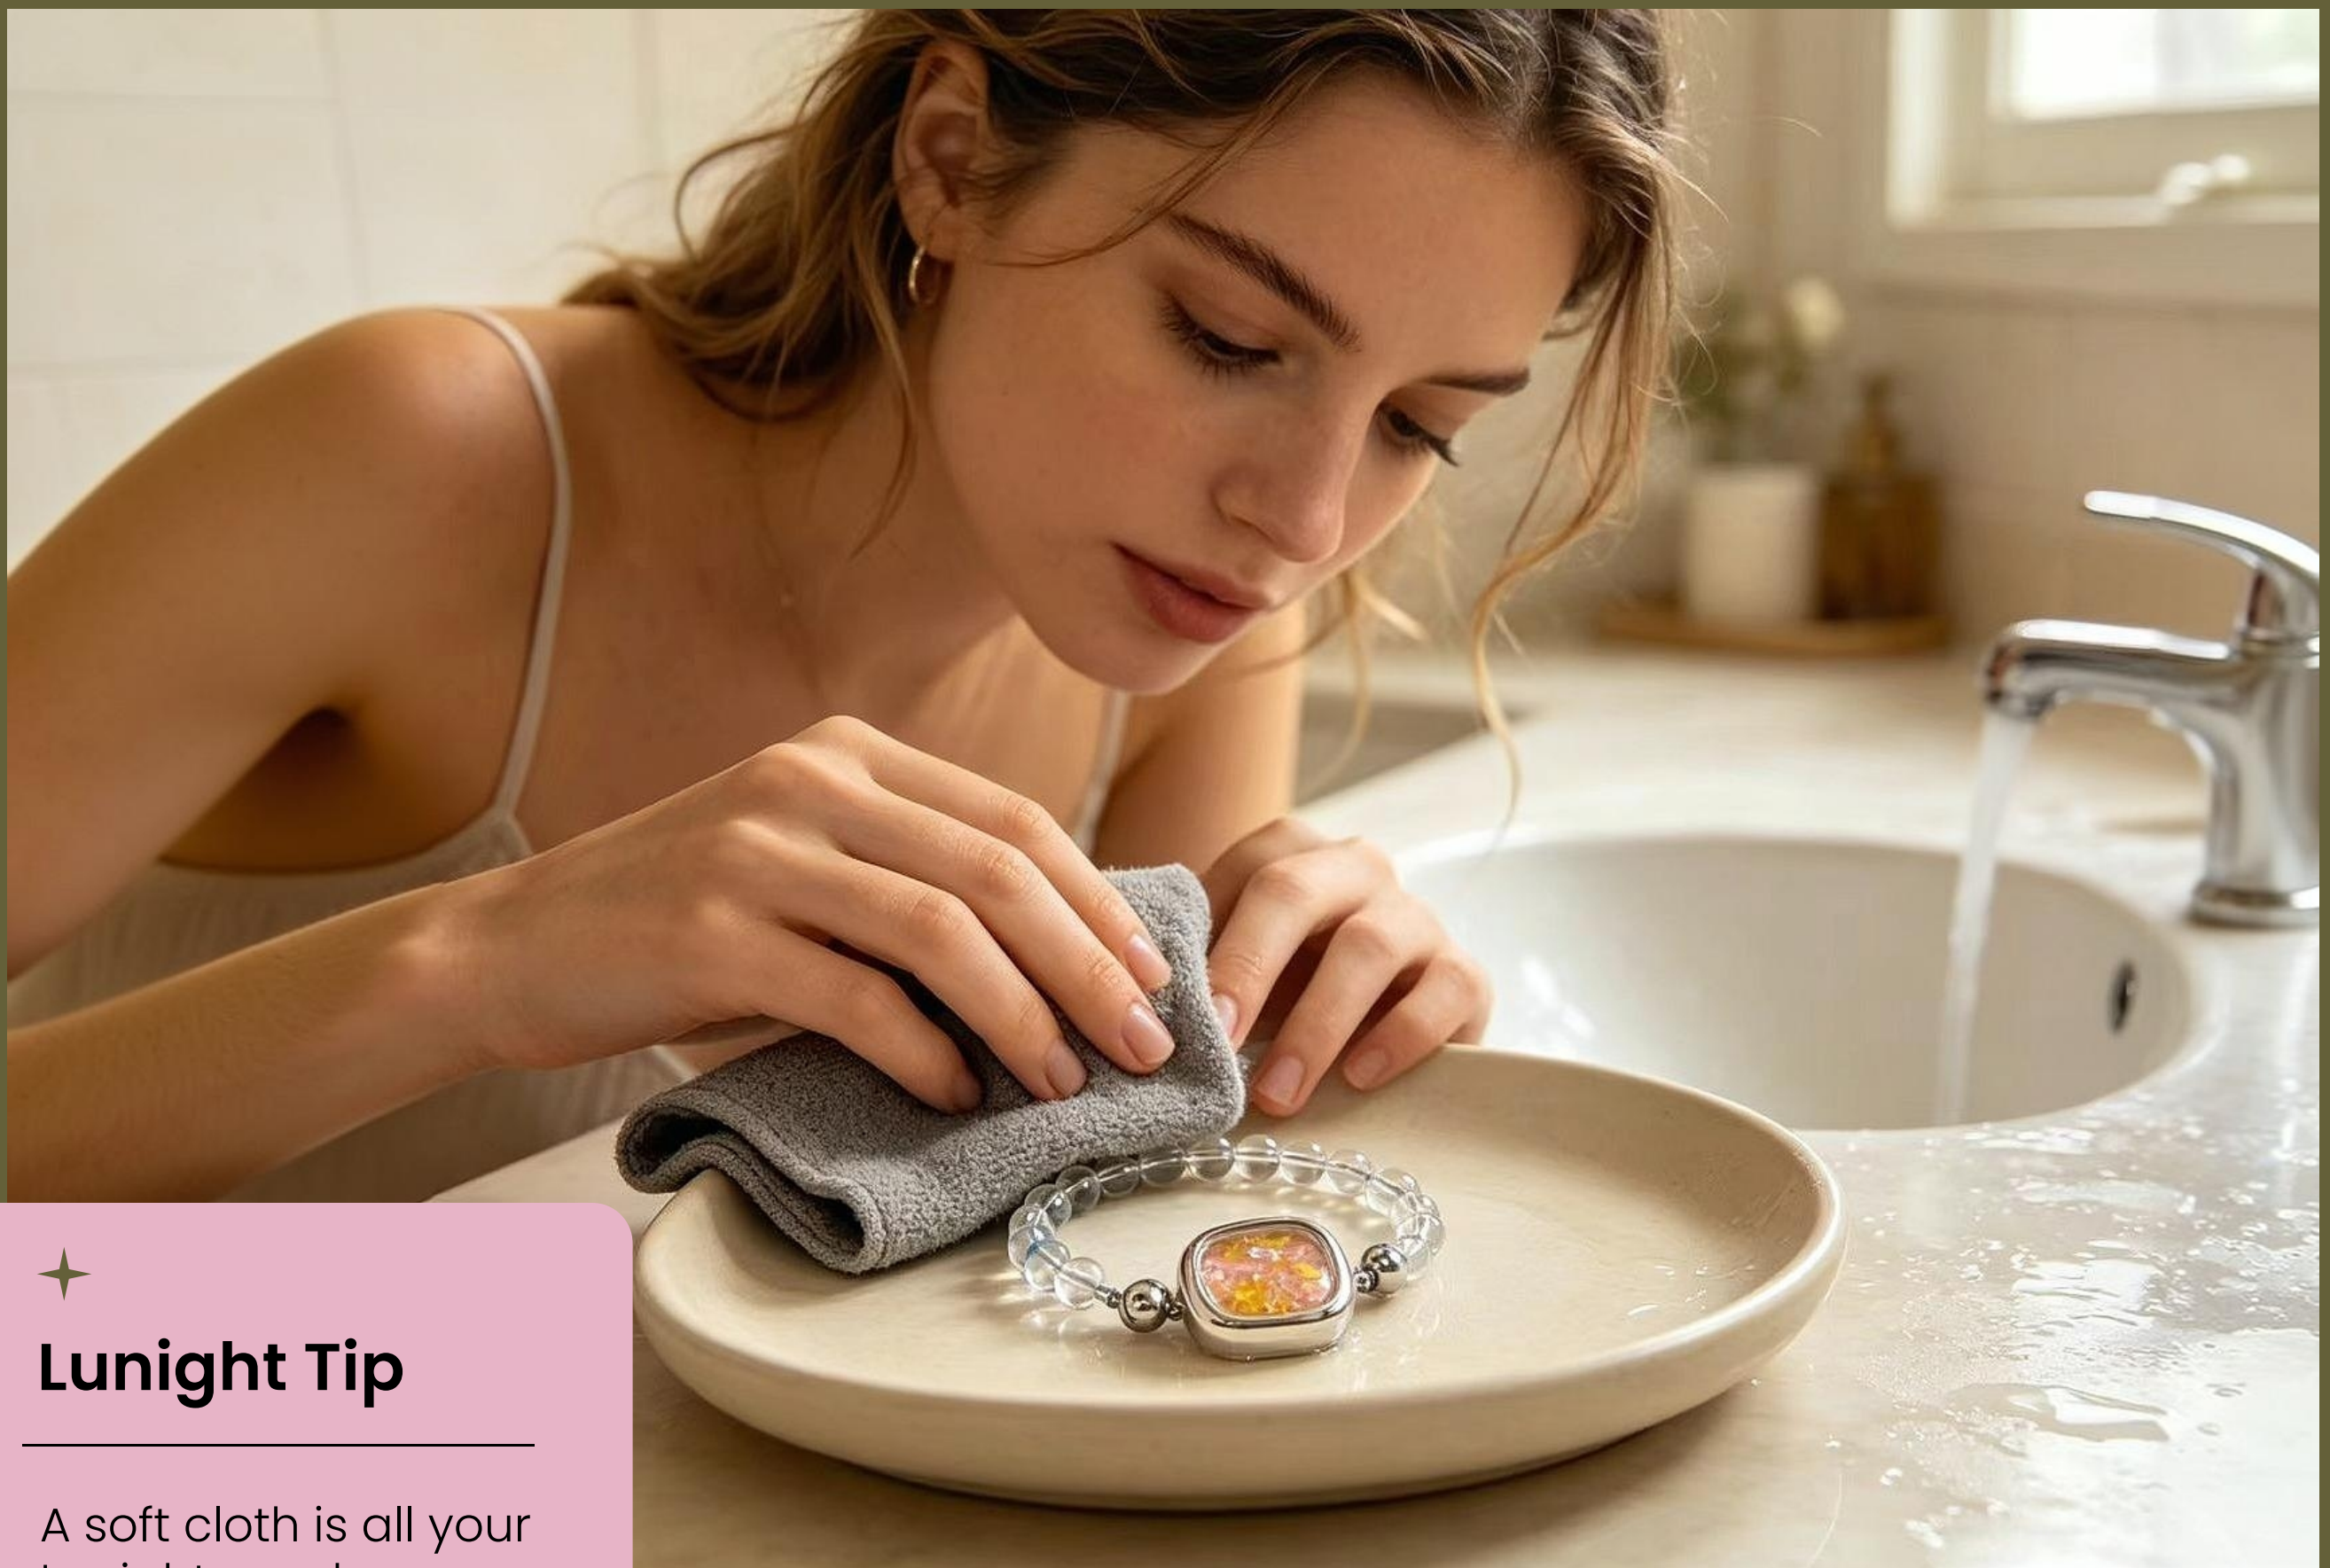

Lunight Tip

Avoid prolonged contact
with water, perfume,
sunscreen and harsh
chemicals.

★ CARE WITH INTENTION

Clean Gently

Keeping your bracelet clean doesn't require much.
Simply wipe the crystals and metal surfaces with a soft microfiber cloth whenever needed.
No polishing products. No alcohol. Just a gentle touch.

Lunight Tip

A soft cloth is all your Lunight needs.

Lunight Tip

Tiny memories often carry the greatest meaning.

Refresh Your Keepsake

The keepsake inside your Lunight doesn't have to stay the same forever.

Replace the crystal fill.

Add a tiny handwritten note.

Carry something meaningful.

As your story changes,
your keepsake can change with it.

Store with Care

CARE WITH INTENTION

Lunight Tip

Store your bracelet separately from other hard jewelry.

When you're not wearing your Lunight, place it back inside its original gift box or a soft pouch.

This helps protect the crystals, reduce scratches, and keep everything together.

Travel Together

Lunight was designed to travel with you. Whether it's a weekend getaway, a long journey, or simply another day in your bag—bring your light wherever life takes you.

Before travelling, make sure your bracelet is fully charged and safely packed.

Your Ritual Your Way

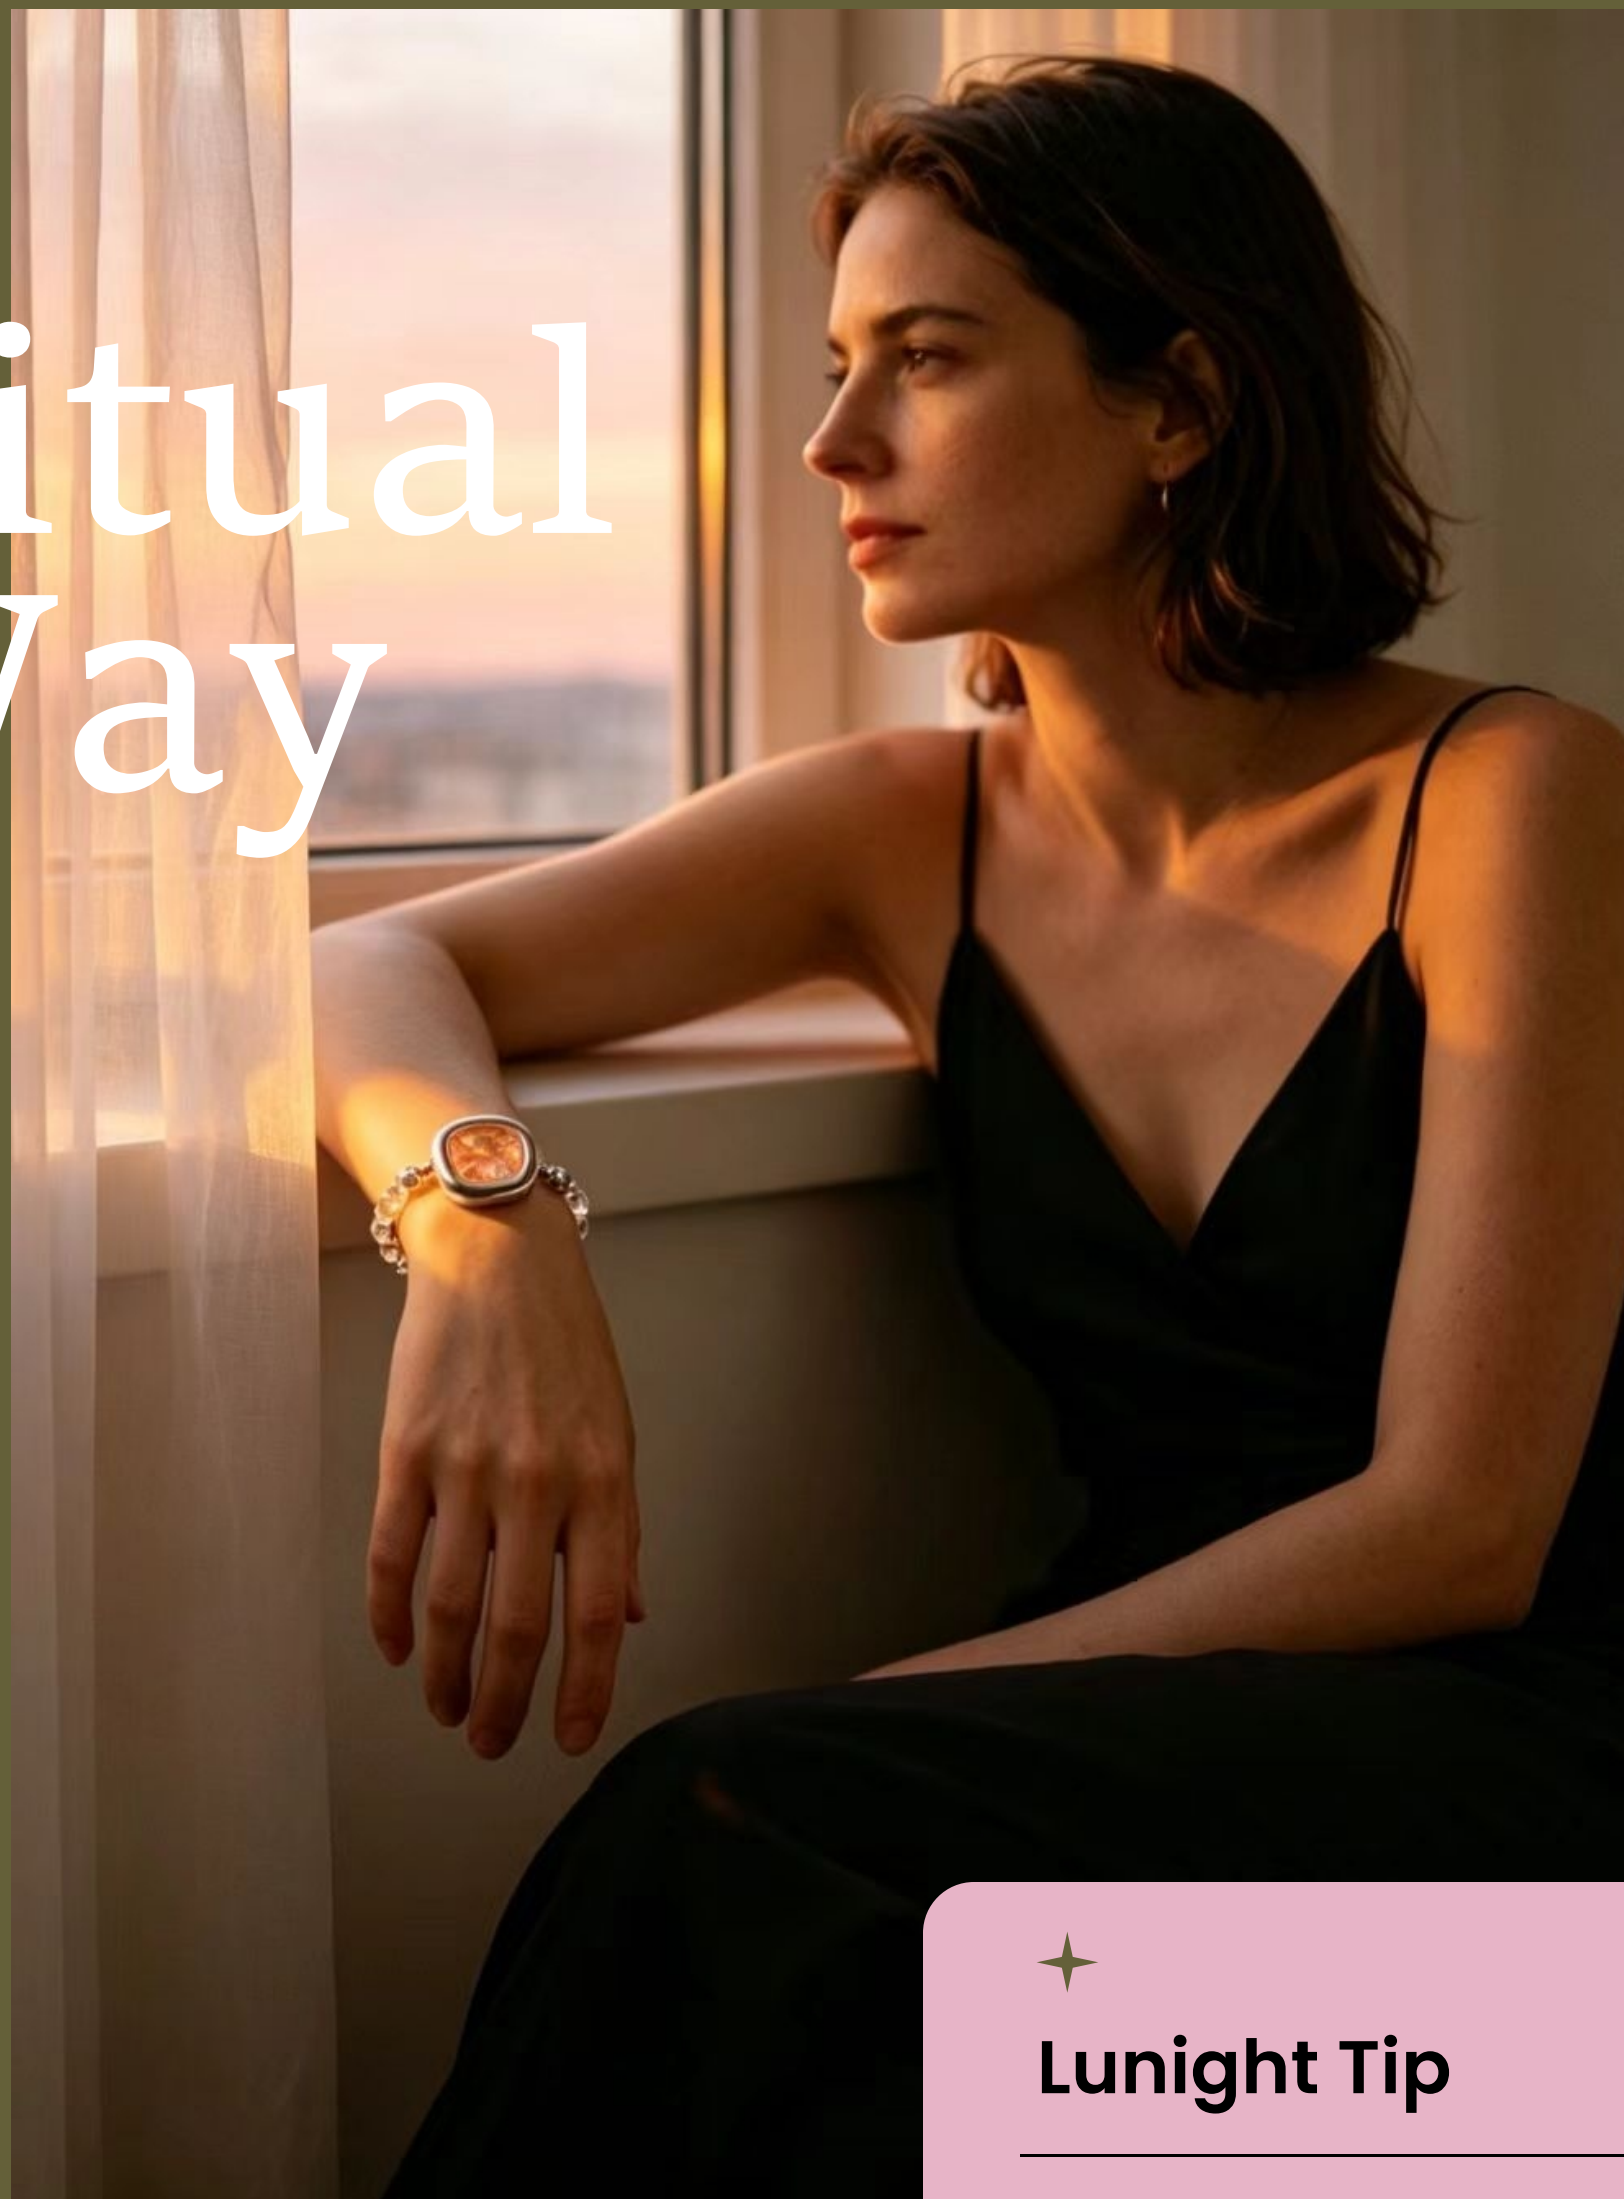

Some people begin every morning
with today's light.

Some ask the moon before making an
important decision.

Some simply enjoy knowing their
Lunight is always there.

There is no perfect ritual.

Only the one that feels right to you.

★ CARE WITH INTENTION

Lunight Tip

The most meaningful
ritual is the one you
naturally create yourself.

Keep What Matters Close.

Keep What Matters Close.

The crystals may stay the same.

The memories you create with them never will.

Thank you for making Lunight part of your journey.
