Light for Your Feelings

Lunight is part of the Light in Lunar collection — a series of wearable lights designed to reflect how you feel.

Inspired by the symbolism of crystals and the language of light, Lunight turns emotions into color, glow, and daily interaction.

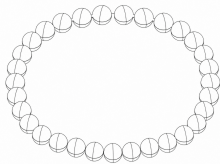

A tiny charm.

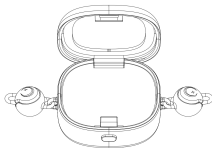

A light that follows your feelings.

Instruction Card

Natural Stone Chips (Refill)

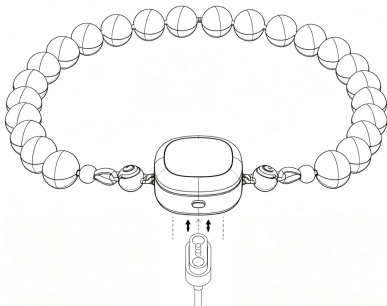

Natural stone chips vary in size and shape. Select pieces that fit easily into the Lunight Box. Do not force oversized pieces inside.

Charging Cable

Charge Your Lunight

Charge your Lunight before first use.

Connect the charging cable to a power source.

Charging indicator:

White breathing light → Charging

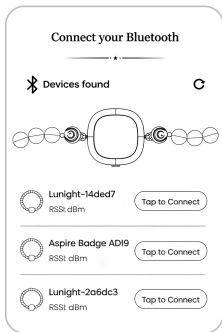

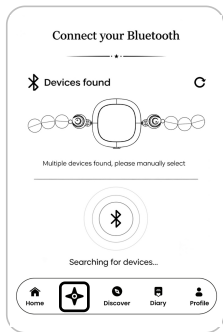

White steady light → Fully charged

Once fully charged, your Lunight is ready to use.

Connect Your Lunight

- 1 Download the Lunight App
- 2 Turn on bluetooth
- 3 Shake your Lunight for 3-5 seconds
- 4 Select your Lunight and tap connect

After pairing, your device is ready for daily interaction.

If the device has not been activated for over one week, you may need to reconnect it through the App before using it again.

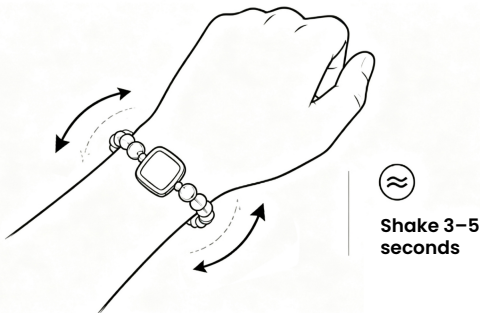

Your Daily Light

Lunight responds to motion and interaction.

To activate the device, gently shake your wrist from side to side for 3–5 seconds.

1. Discover your daily lucky color

Shake your wrist for 3–5 seconds to activate Lunight.

The first activation each day reveals your daily lucky color.

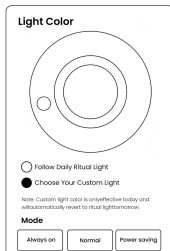

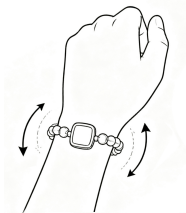

A short white flashing light ? Open the App and reconnect your Lunight.

2. Change your mood color

You can customize your color in the Lunight App.

Steps:

- 1** Shake your wrist to activate the device
- 2** Open the color control interface in the App
- 3** Select the color that matches your mood

The selected color will remain active throughout the day.

Note: The first activation on the next day will always reveal your Daily Light, which replaces the previously selected color.

You can change the color again anytime through the App.

Please make sure to change the color within **60 seconds** after the light turns off. Otherwise, the device will enter sleep mode. To continue, simply shake the device again to reactivate it.

3. Shared color (two—person interaction)

Two users can combine their colors.

Steps:

Before using Shared Color, make sure both devices are already activated.

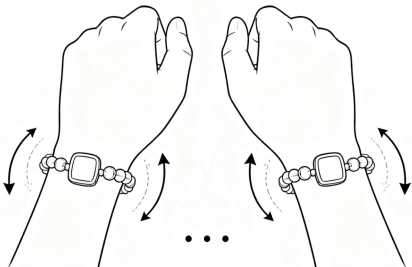

Both users shake their wrists for 5–7 seconds at the same time.

A short white flashing light indicates pairing in progress.

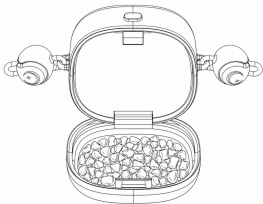

Your colors will combine into a shared light.

For best results, keep the devices within a close distance during pairing.

Personalize Your Lunight Box

The Lunight box can be opened, allowing you to place a small personal item inside.

Other Small Items

Inner space height

The inner space is approximately 3 mm high, so only very small items can fit inside.

To protect the device, please note:

Do not place liquids inside the box.

Avoid sharp or heavy objects that may damage the device.

Turn the box upside down when adding or removing small items to prevent spills.

Make sure the box is properly closed before wearing

This feature allows Lunight to become a personal emotional charm, carrying something that matters to you.

Care & Safety

To ensure the best experience with your Lunight:

Do not expose the device to high temperatures.

Avoid wearing Lunight during bathing, swimming, or prolonged water exposure.

Do not drop, crush, or strike the device.

Avoid strong impacts or heavy pressure.

Use only the provided charging accessories.

Lunight is made with zinc alloy materials and a specially treated surface finish. If you experience skin irritation or discomfort, discontinue use immediately.
